

Collas Crill raises £2k for Guernsey Mind

May 2025

Staff at Collas Crill in Guernsey have raised £2,000 for Guernsey Mind.

The firm selected the organisation as their charity of choice for 2024/25.

Led by the firm's Health and Wellbeing Committees, staff in each of the offices of the law firm select a local charity they would like to support in that jurisdiction. Activities are then organised where staff are asked to make a donation to take part to raise funds for that charity.

Staff in Guernsey enjoyed a range of fun activities while also raising funds for Guernsey Mind.

These included meat draws, staff massages, fitness classes, craft classes and external quiz wins.

Guernsey Mind was nominated by several Collas Crill staff members. One of them was Managing Partner Gareth Bell:

'We are delighted to have raised £2,000 for Guernsey Mind, a charity that plays a crucial role in supporting mental health within our community. This accomplishment is a reflection of the generosity of Collas Crill's staff and we remain committed to supporting initiatives that promote wellbeing, both in the workplace and in the wider community,' he said.

He presented the cheque for £2,000 to Chris Chamberlain of Guernsey Mind at a gathering of Collas Crill Guernsey's staff.
