

Collas Crill helps local charity Age Concern Guernsey

May 2018

Collas Crill has recently assisted Age Concern Guernsey in restructuring its charity to provide a more efficient platform from which to service the needs of its members.

Age Concern Guernsey is a locally registered charity whose aims include promoting the welfare and relief of the elderly in Guernsey, increasing public awareness of relevant issues and ensuring that sufficient and relevant services of the highest standard are available.

Senior associate Tristan Ozanne said: "It has been wonderful to have been in a position to assist Age Concern and get to know more about the fantastic work they do locally as they play a very important role for our aging community. It really has been a pleasure."

Partner Jason Green, who heads up Collas Crill's CSR committee, added: "Collas Crill has for many years supported many good causes in the Bailiwick of Guernsey and elsewhere. We were keen to help with Age Concern because of the good work that it does in our community."

Chairman Mr. David Inglis said: "We at Age Concern Guernsey are grateful for the guidance and support provided by Collas Crill in establishing the high standard of awareness Age Concern Guernsey wishes to be associated with."
