Collas Crill shares expertise in Mondaq Alternative Investment Funds comparative guide

APRIL 2020

Alternative Investment Fund specialists from Collas Crill BVI, Guernsey and Jersey have collaborated with several major international law firms to produce the Mondaq Alternative Investment Funds comparative guide.

The guide provides an overview of some of the key points of law and practice in the Alternative Investment Funds field and allows you to compare regulatory environments and laws across multiple jurisdictions.

We invite you to review the BVI chapter here, the Guernsey chapter here, or the Jersey chapter here.

Our fund specialists offer advice on all aspects relating to the establishment, authorisation and structuring of funds and related investment vehicles. We have particular expertise acting for emerging managers who are building their business and acting for institutional investors, including acting for private equity funds and sovereign wealth funds on joint venture and fund investments, as well as planning their internal corporate structures. We provide a highly personalised service working with our clients and their onshore counsel to build in depth relationships over the long term.
