Collas Crill maintains strong position in Legal 500 UK

SEPTEMBER 2022

Collas Crill has maintained its strong position in the Legal 500 United Kingdom directory this year, upholding its rankings across all practice areas.

Described as one of the 'offshore Magic Circle', the firm is Tier 1 or 2 in all but two practice areas, garnering client endorsements on the expertise, service and commercial acumen of its teams.

The directory demonstrates the firm's market leading positions in litigation, property and private client work, while also showcasing a high number of Collas Crill lawyers in its individual categories, including several in the prestigious Hall of Fame which highlights those 'who have received constant praise from their clients for continued excellence and are at the pinnacle of the profession.'

Group Managing Partner Jason Romer said: 'We are delighted to have retained our rankings across the board this year and it is a complete privilege for our lawyers and teams to be recognised as market leaders in our core areas of strength across litigation, private client and property. These endorsements are testament to the calibre of our teams and the quality of work we provide. They are also testament to the value we place on building strong client relationships which is at very heart of our purpose.'
